

MARKET ADVANTAGES

POS and Inventory Control for the Green Industry

*Key Features and Benefits for the Unique Needs
of Nurseries and Garden Centers*

Nurseries and garden centers face unique challenges in managing green inventory, and servicing both commercial and retail customers on busy sales days. The Keystroke POS system provides both the simplicity needed for part-time help and the advanced features you need to make your business flourish.

Whether you operate a small nursery, a full service garden center, or a regional grower servicing both retail and re-wholesale markets, the Keystroke POS system will give you the technology needed to remain competitive and prosper with maximum efficiency.

Made to Help Your Business Grow

- Fast sales entry & easy item lookup.
- Touch-screen and keyboard friendly.
- Barcode scanning & printing (pot stakes & tree tags).
- Complete inventory, customer and vendor history.
- Basic and advanced reporting capabilities.
- Employee tracking and built-in time clock.
Log all activity with password or fingerprint sign in.
- Add pre-written notes/instructions or free form comments on line item and service sales.
- Increase sales using powerful sales scripts for add-on sales (mulch, fertilizer, installation), suggested alternates for out of stock items, and more.

Ready to Grow with Your Business!

- Retail, wholesale, and re-wholesale all in one system.
- Start with one workstation – add registers as needed.
- Wireless hand-held computers for mobile tasks such as recording physical inventory and in-field transactions.
- Multi-level pricing by customer type, quantity, mix & match, sales promotions, and commercial contract pricing.
- Fast and secure electronic payment processing with competitive rates and free gift card processing.
- Comprehensive polling and reporting for multiple locations.
- Complete accounts receivable, aging, finance charges, and billing statements.
- Links with Peachtree® by Sage, QuickBooks®, and others.
