Keystroke™

POS and Inventory Control for Building Supply & Home Improvement Stores

Key Features and Benefits for the Unique Needs of Hardware Stores, Lumber Yards, and Specialty Suppliers

Building supply and home improvement stores face unique challenges in providing excellent service to both contractor and retail customers, along with managing an extensive and diverse inventory. The Keystroke POS system provides all the special features needed to help you better manage these potentially complex issues.

Whether you operate a small hardware store or full service lumber yard and building supply center, the Keystroke POS system will give you the technology needed to compete and prosper with maximum efficiency.

Made to Help Serve Your Customers...

- Fast checkout for both contractors and retail customers.
- Simple and flexible item lookup – for inventory stock checks, missing barcode labels, and lumber yard sales.
- Comprehensive customer service tools at the point of sale. Instant access to complete customer and vendor history.
- Allocate and track sales by job-site, and generate multiple invoices as items are delivered off single original bid.
- Multi-level pricing by customer type, quantity, mix & match, sales promotions, and optional Contract Pricing module.
- Powerful Sales Scripts and Digital Sign display (optional) to remind customers AND increase sales! (e.g., wax ring and caulk with a new toilet)
- Wireless hand-held support for roaming sales assistants, warehouse or lumber yard sales, and physical inventory.

...and Help Build Your Business!

- Full-featured inventory – bulk purchase units vs. sales units (e.g., board-feet, ton, pallet vs. foot, pound, piece), serial number tracking, multiple vendors per item, and more.
- Simple and flexible sales entry with free-form comments for notes, warranty details, and special descriptions.
- Same straight-forward procedure to create (or convert) quotes, estimates, service orders, and invoices.
- Flexible sales commission reporting.
- Built-in employee time-clock with passwords or fingerprint sign-in, configurable security levels, and powerful user activity auditing.
- Fast and secure credit card processing – competitive rates, automated recurring billing, and FREE gift card processing.
- Links with QuickBooks®, Peachtree® by Sage, and others.
